The Education Directory for Children with Special Needs

The Education Directory for Children with Special Needs provides military families with children with special needs the information they need to make informed assignment decisions and easier transitions.

The Education Directory consists of two components:

- The Early Intervention Directory focusing on early intervention services for children birth-3 years old;
- The School Age Directory focusing on education services for children with special needs, 3-21 years of age.

Both provide tools and resources to help with the transition to a new location. The Early Intervention Directory summarizes national and state level early intervention (EI) trends and includes descriptions of individual EI service providers. The School-Age Directory summarizes national and state level trends for special education and includes descriptions of individual school districts.

Section 1: Suggested Uses

School-Age Directory (3-21)

Relocating to a new assignment and community can be exciting but also challenging, particularly for military families with children with special needs. The School-Age Directory will help you experience a smooth transition by providing practical suggestions and information about special education services. Included are

- Tools for helping you and your child make the transition to a new school district (Section 2);
- Descriptions of each state's special education system and related resources (Section 3);
- School district profiles and contact information (Section 4);
- Links to national resource agencies (Section 5);
- Summaries of national special education service trends (Section 5).

The fifteen states with the highest number of assigned military personnel are profiled in the Directory and services for children identified with autism spectrum disorders (ASD), Emotional/Behavior Disorders (E/BD), and Intellectual Disabilities (ID) were emphasized. However, the suggestions and tools included here will assist all families with children with special needs transferring to any domestic location. The Directory supplements information available at MILITARY HOMEFRONT's EFMP page (<http://www.militaryhomefront.dod.mil/tf/efmp>).

Suggested Use of the Directory

The Directory is organized to help you quickly obtain the information you need to make decisions for your child with special needs. The Directory will enable you to

1. Use the Tools for a Smooth Transition in Section 2 to minimize the impact of relocation;
2. Review the special education systems and resources in each of the 15 states;
3. Identify and learn about the school districts that serve domestic military installations;
4. Understand national issues facing special education in general and ASD, E/BD, and ID specifically;
5. Access additional resources, including those specifically designed for military families.

Limitations on Use of the Directory

When using the Directory, please keep in mind that:

1. The information was collected from a wide range of sources. Although accuracy was a priority, the most current information will come from contacting the new district directly. Tools to assist you are provided in Section 2: Tools for a Smooth Transition.
2. The interventions listed in the school district profiles are meant only to describe services they are currently providing and do not guarantee a child will receive a particular intervention. Services are individually determined by the Individualized Education Program (IEP) Team, including the child's parents

Section 2: Tools for a Smooth Transition

Preparing for Your Move

Below are suggestions for making the transition to a new school district easier for your child, your family, and the district staff. Remember, you are your child's best support. A courteous but persistent approach is usually most effective. To help track your activities and progress, a reproducible checklist of the steps below is provided in Appendix A for your convenience.

Suggestions to Consider Before You Leave Your Current Location:

1. Review general information about your new location at MilitaryHOMEFRONT's Military Installations page (<http://www.militaryinstallations.dod.mil/>).
2. Notify your current service coordinator that you will be leaving and where you will be going so he/she can begin preparing for your transition.
3. Use a 3-ring binder or other type of notebook to organize your child's records and other pertinent information.
4. Make sure that you have paper copies of your child's:
 - Most recent transcripts and grade reports;
 - Most recent eligibility reports where your child was determined eligible for special education;
 - Current and past individual education programs (IEP), including quarterly progress reports;
 - Special education assessment reports, including:
 - School psychology;
 - Occupational or physical therapy;
 - Speech-language pathology;
 - Other reports contained in the special education file.
 - Names of particular textbooks or other materials that were effective for your child;
 - Medical reports;
 - If applicable, reports from service providers not connected to school, such as a private therapist;
 - Inoculation records to ensure your child can be enrolled on arrival;
 - Prescriptions for medications and dosages.

5. Ask your child's classroom and/or special education teacher to write a brief narrative about your child's current educational program that you can share with the staff at your child's new school. A convenient reproducible form you can use is provided in Appendix A.
6. Keep the name and contact information (phone, e-mail) of your child's current teacher in case you have questions after you or the staff at your new school have questions;
7. Use the information provided in Section 4: School District Profiles to identify and learn more about districts that serve your new location;
8. Contact the special education director in the school district to which you are considering moving to learn specific information about the programs they provide. A list of sample questions is provided below.
9. Provide the staff at your child's current school the contact information (phone, e-mail) of a contact person at your child's new school to facilitate the transfer of information;
10. Contact the Educational Liaison and Exceptional Family Member Program (EFMP) Family Support staff at your new installation to learn more about the school district. A list of sample questions is provided below.
11. Whenever you talk with someone regarding your child's transition to a new district, it is helpful to write down the time, date, and person to whom you spoke, as well as some brief notes. A reproducible worksheet developed by the National Dissemination Center for Children with Disabilities (NICHCY) is included in Appendix A for your convenience.
12. If you are moving during the summer, try to contact your new school district at least 2 weeks before you arrive to help ensure that preparations have been made to implement your child's program before the first day of school.
13. Review your educational rights under IDEA. You should have received a copy of your rights from your current school, but you can also request a copy at any time. A general description of these rights is provided by the Technical Assistance Alliance for Parent Centers (<http://www.taalliance.org/publications/pdfs/all17.pdf>).

Section 2: Tools for a Smooth Transition

Tips for Contacting Districts & EFMP Family Support Staff

It is strongly recommended that you contact your new school district and EFMP Family Support staff as soon as possible.

Below are some suggestions to keep in mind when preparing for these conversations.

1. Take some time to prepare. Write down questions you want to ask and the information you want to be sure to get (e.g., contact information). Sample questions are provided in this section. You may want to discuss the questions with school district and military support staff prior to making the contacts to see if other questions might be useful.
2. Identify the parts of your child's current educational program that you think are effective and those that are not, so that you can share them with the new district. The transition process is an opportunity to create an even more effective program for your child.
3. When you contact the new school district, ask to speak to the special education department. Once connected, ask to speak to the special education director. The administrative assistants who answer the phones are usually very helpful and will help you get to the right person. Contact information for each district in the 15 states is provided in Section 4: District Profiles.
4. When you contact the district, it is helpful to document the time, date, and person to whom you spoke in your records. It is also a good idea to write down some brief notes about the conversation. A reproducible worksheet developed by the National Dissemination Center for Children with Disabilities (NICHCY) is included in Appendix A for your convenience.
5. A courteous but assertive communication style is usually most effective. You will have many conversations with school staff so maintaining effective communication is a priority. Making requests rather than demands and being open to the school district's input will be helpful. Try to avoid becoming overly frustrated or emotional, and instead focus on working with the district to create an effective program for your child.

Section 2: Tools for a Smooth Transition

Sample Questions to Ask School Districts

Below are examples of questions you may want to ask when contacting your child's new school district. When calling a school district in regards to services for your son or daughter, you will typically ask to speak to the special education department. Once connected, you should ask to speak to the special education director. Remember to jot down some notes on the convenient worksheet provided in Appendix A.

1. Whom should I contact at the school when we arrive in our new location?
2. What release of information forms should I sign before leaving my current location?
3. What consent and release of information forms will I need to sign when I arrive?
4. What information should I bring with me or provide you before we arrive?
5. Can I fax/e-mail you a copy of my child's IEP to help you prepare for his/her arrival?
6. Will my child's IEP be implemented as currently written when he/she arrives at school?
7. What types of Evidence-Based Practices does your district use?
8. Do my child's teachers have experience and training for working with children with my child's disability?
9. Will my child's teacher(s) be willing to e-mail me weekly progress updates?
10. If my child requires transportation, how will that be provided and coordinated?
11. Where will my child be served- in the regular classroom, a pull-out or self-contained program, or in a separate building?
12. Will my child be able to participate in elective classes such as Art, Music, and PE?
13. Is there a local support group for families with children with disabilities?
14. Whom should I contact at the school district if I have issues related to my child's program?
15. Sometimes my child doesn't seem to "fit in" – how will the school help improve his/her social skills?
16. What happens if my child's unusual or quirky behavior is misinterpreted as rule-breaking?
17. My child might, if upset, try to run or leave the building – how will he/she be kept safe?

Section 2: Tools for a Smooth Transition

Sample Questions to Ask EFMP Family Support Personnel at Military Installations

EFMP Family Support Staff are valuable resources for information about a school district and a community. Below are some questions to consider asking them.

1. What types of support do you provide to military families with children with special needs?
2. What suggestions do you have for helping us make a smooth transition to the district?
3. What are some positive aspects of this community for families with exceptional members?
4. What are some challenging aspects of this community for families with exceptional members?
5. Is there a family support group for families with children with disabilities at this installation?
6. Are there resources at the installation or in the community that would be helpful for families that have dependents with disabilities?

Section 3: State School District Summaries

Overview

This section outlines the special education systems related to autism spectrum disorder (ASD), intellectual disabilities (ID), and emotional/behavioral disabilities (E/BD) for each of the 15 states using the following categories:

- 1. Educational Definition of Disabilities:** Provides state definitions of ASD, ID, and E/BD;
- 2. Number of Students with Disabilities Served:** Provides number of students in each category reported by the states for 2010 federal childcount;
- 3. Support Service Structure:** Summarizes how special education services are administered and supported in each state;
- 4. Task Forces:** Indicates whether the state has an active task force related to ASD, ID, or E/BD;
- 5. Statewide Disability Clearinghouse:** Indicates whether the state has a statewide information clearinghouse related to ASD, ID, or E/BD;
- 6. Disability Scholarship Programs:** Indicates whether the state has a school choice or other financial support program for ASD, ID, or E/BD;
- 7. Insurance Coverage for ASD Services:** Indicates whether a state requires insurers to pay for some services related to ASD;
- 8. TRICARE-Approved ABA Providers:** Lists the number of TRICARE-authorized ABA Supervisors and Tutors in each state as of June, 2011;
- 9. Secondary Transition Resources:** Provides web address to site that lists secondary transition supports for each state;
- 10. PTI Center:** Lists the agency(s) designated as the statewide Parent Training and Information Center by the U.S. Dept. of Education;
- 11. MIC3:** Indicates whether a state is a member of the Military Interstate Children's Compact Commission (see www.mic3.net for more information);
- 12. Special Education Resources:** Provides suggestions for obtaining resources for special education in that state;
- 13. Military Education Resources:** Provides web link for education resources for military families in states that have created specific resource pages.

For your convenience, individual webpage addresses have also been included that will link you to additional information and resources.

I. Educational Definitions of Disabilities

A. Autism (ASD): Consistent with IDEA definition.

B. Intellectual Disability (ID): Definition is consistent with IDEA and further defines mild, moderate, and severe levels of impairment;

C. Emotional/Behavioral Disorder (E/BD): Uses emotional disability and definition is consistent with IDEA.

More detailed information on these disabilities is available at www.azed.gov/special-education/deputy-associate-superintendent/documents/disability-related-information/.

II. Numbers of Students with Disabilities Served. For the 2010 child count, Arizona (AZ) reported the following numbers of students:

A. ASD: 7, 542, 6th highest among disability populations and 13% higher than 2009;

B. ID: 7,870, 5th highest among disability populations and 5% lower than 2009;

C. E/BD: 7,982, 4th highest among disabilities populations and 2% lower than 2009.

III. Support Service Structure. The AZ Department of Education, Exceptional Student Services (ADE/ESS) sponsors the Parent Information Network Specialists (PINS). PINS are located throughout the state and provide a wide range of services for parents and school staff, including phone consultation, training, and resource information. Locations and contact information is available at <http://www.azed.gov/special-education/pins/>.

IV. Task Forces. Legislation creating the Autism Spectrum Disorder Task Force was enacted in 2010. Its purpose is to review the coordination of services; identify problems and recommend solutions regarding the availability of services; identify current funding sources; recommend opportunities for the sharing of resources and services; identify evidence-based treatments and best practices; and identify state models and service systems for persons with autism spectrum disorder.

AZ also created the Best Practices in Special Education and Behavior Management Task Force. Its purpose was to examine, evaluate and make recommendations concerning best practices for managing the behavior and discipline of pupils with disabilities. Its report, including recommendations, is available at www.asbcs.az.gov/userfiles/0583_001.pdf.

V. Statewide Disability Clearinghouse. AZ does not have a statewide disability clearinghouse.

VI. Disability Scholarship Programs. The AZ Empowerment Scholarship Accounts Program (ESA) program (www.azed.gov/special-education/esa/) provides eligible families of children with disabilities with funds to purchase educational supports, including private school tuition, curriculum materials, tutoring, etc. The ESA replaces the Arizona Scholarship for Pupils with Disabilities. An additional corporate tax credit program, called Lexie's Law, funds school-choice scholarships for students with disabilities. More information is available at www.edchoice.org/School-Choice/School-Choice-Programs.aspx.

VII. Insurance Coverage for ASD Services. AZ requires insurers to cover some services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, AZ had 34 supervisors (direct service providers) and 153 tutors (assistants requiring supervision to provide services).

IX. Secondary Transition Resources. Information and resources related to secondary transition is available at www.nsttac.org/transition-map/arizona.

X. Parent Training and Information (PTI) Centers. Raising Special Kids (www.raisingpecialkids.org/) is the PTI for Arizona. Additional support for parents in Cochise, Gila, Graham, Greenlee, La Paz, Pima, Pinal, Santa Cruz, and Yuma counties is provided by Pilot Parents of Southern Arizona (www.pilotparents.org/) through a partnership with Raising Special Kids.

XI. Military Interstate Children's Compact Commission (MIC3). AZ is a member of the MIC3.

XII. Special Education Resources. Information on resources available to parents in AZ is available from the local school district, the local PINS, and the parent agencies listed above. Additional information and resources are available at <http://www.azed.gov/special-education/deputy-associate-superintendent/parent-information-network/> or by contacting

Becky Raabe

ADE/ESS Parent Information Network

Becky.Raabe@azed.gov

(928) 679-8106 or 1-800-352-4558

I. Educational Definitions of Disabilities

- a. Autism (ASD): uses autistic-like behaviors and definition is consistent with IDEA.
 - b. Intellectual Disability (ID): Definition is consistent with IDEA.
 - c. Emotional/Behavioral Disorder (E/BD): Uses serious emotional disturbance and definition is consistent with IDEA.
- More detailed eligibility information on these disabilities is available at http://www3.scoe.net/speced/laws_search/searchDetailsLaws.cfm?id=744&keywords=emotional%20disturbance.

II. Numbers of Students with Disabilities Served. For the 2010 child count, California (CA) reported the following numbers of students:

- a. ASD: 65,815; 3rd highest among disability populations and 9.7% higher than 2009;
- b. ID: 42,342; 5th highest among disability populations and slightly higher than 2009;
- c. E/BD: 26,438; 6th highest among disabilities populations and 3% lower than 2009.

III. Support Service Structure. Special Education Local Plan Areas (SELPAS: www.cde.ca.gov/sp/se/as/caselpas.asp) provide regional special education support to member districts. Currently, 119 SELPAs provide services in CA. Three Regional Diagnostic Centers (www.dc-cde.ca.gov/) also provide support to local districts and families for assessing children with autism and other disorders.

IV. Task Forces. The California Superintendent of Public Instruction's Autism Advisory Committee (www.cde.ca.gov/sp/se/as/saac.asp) was created in 2006 and composed school personnel, service providers, medical personnel, and other stakeholders. The group completed a statewide review of ASD policies in California in 2007.

V. Statewide Disability Clearinghouse. CA does not have a statewide disability clearinghouse.

VI. Disability Scholarship Program. CA does not have a disability scholarship program.

VII. Insurance Coverage for ASD Services. CA requires insurers to cover some services for children with autism spectrum disorders. See <http://www.autismvotes.org> for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, CA had 334 supervisors (direct service providers) and 3,327 tutors (assistants requiring supervision to provide services).

IX. Secondary Transition Resources. Information and resources related to secondary transition in CA is available at www.nsttac.org/transition-map/california.

X. Parent Training and Information (PTI) Centers. CA has three sets of family support groups:

- 7 PTI Centers;
- 5 Community Parent Resource Centers (CPRCs) that provide support for parents from under-represented populations; and
- 14 Family Empowerment Centers (FECs), that include the 7 PTIs.

Organizational information and contacts are provided at www.cde.ca.gov/sp/se/qa/caprntorg.asp.

XI. Military Interstate Children's Compact Commission (MIC3). CA is a member of the MIC3.

XII. Special Education Resources. Information on resources available to parents in CA is available from the local school district, the local SELPA, and the parent agencies listed above. Additional information and resources are available at www.cde.ca.gov/sp/se/fp/ and at www.disabilityresources.org/CALIFORNIA.html.

XIII. Military Education Resources. Information and resources specifically identified for military-connected families in CA may be found at www.cde.ca.gov/ls/pf/mc/.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
- b. Intellectual Disability (ID): Uses Significant Limited Intellectual Capacity (SLIC) and definition is consistent with IDEA.
- c. Emotional/Behavioral Disorder (E/BD): Uses Significant Identifiable Emotional Disability (SIED) and definition is consistent with IDEA.

More detailed information on these disabilities is available at www.cde.state.co.us/cdesped/SD-Main.asp.

II. Numbers of Students with Disabilities Served. For the 2010 child count, Colorado (CO) reported the following numbers of students:

- a. ASD: 3,786; 5th highest among disability populations and 19.2% higher than 2009;
- b. ID: 2,986; 6th highest among disability populations and 2% lower than 2009;
- c. E/BD: 6,679; 4th highest among disabilities populations and 5% lower than 2009.

III. Support Service Structure. The CO Department of Education oversees the special education services provided by school districts and specialized programs. More information is available at www.cde.state.co.us/cdesped/index.asp.

IV. Task Forces. The CO Autism Commission was created in 2008 to review issues related to Autism and to create a 10 year strategic plan. Its report is available at www.coddcc.org/PDFs/CAC_final.pdf.

V. Statewide Disability Clearinghouse. CO does not have a statewide disability clearinghouse.

VI. Disability Scholarship Program. CO does not have a disability scholarship program.

VII. Insurance Coverage for ASD Services. CO requires insurers to cover some services for children with autism spectrum disorder. See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, CO had 50 supervisors (direct service providers) and 185 tutors (assistants requiring supervision to provide services).

II. Parent Training and Information (PTI) Centers. Parent Training and Information (PTI) Centers. The Peak Parent Center (www.peakparent.org/) is Colorado's statewide PTI agency. Additional support for parents in the Denver area is provided by the Denver Metro Community Parent Resource Center (www.denvermetroprc.org/).

IX. Secondary Transition Resources. Information and resources related to secondary transition in CO is available at www.nsttac.org/transition-map/colorado.

X. Military Interstate Children’s Compact Commission (MIC3). CO is a member of the MIC3.

XI. Special Education Resources. Information on resources available to parents in CO is available from the local school district and the parent agencies listed above. Additional information and resources is available at www.cde.state.co.us/cdesped/Parent.asp.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
- b. Intellectual Disability (ID): Consistent with IDEA.
- c. Emotional/Behavioral Disorder (E/BD): Consistent with IDEA.

More detailed information on these disabilities is available at www.fldoe.org/ese/ese-home.asp.

II. Numbers of Students with Disabilities Served. For the 2010 child count, Florida (FL) reported the following numbers of students:

- a. ASD: 19,276; 7th highest among disability populations and 14.8% higher than 2009;
- b. ID: 28,451; 4th highest among disability populations and 4.5% lower than 2009;
- c. E/BD: 22,850; 6th highest among disabilities populations and 10.1% lower than 2009.

III. Support Service Structure. The FL Department of Education (FDOE: www.fldoe.org/ese/ese-home.asp) provides oversight for the special education services provided by school districts. It also utilizes the FL Diagnostic and Learning Resources System (FDLRS: www.fdlrs.org/), which consists of 19 regional centers that provide diagnostic, instructional, and technology support for families of children with disabilities and district exceptional education programs. The FL Legislature provides funding for the Centers for Autism & Related Disabilities (CARD: http://card-usf.fmhi.usf.edu/all_card_sites.asp) that consists of 7 university-based programs to provide information and consultation for children and adults, and their families.

IV. Task Forces. The Governor's Task Force on Autism Spectrum Disorder was established in 2008 and submitted its final report and recommendations in March 2009. More information including the final report is available at www.doh.state.fl.us/AlternateSites/HealthyFloridians/autism.html.

V. Statewide Disability Clearinghouse. FL does not have a statewide disability clearinghouse, although the Governor's Task Force on ASD recommended the implementation of a statewide autism website.

VI. Disability Scholarship Program. The McKay Scholarship Program (www.floridaschoolchoice.org/Information/McKay/) is a school-choice program for eligible parents of children with disabilities.

VII. Insurance Coverage for ASD Services. FL requires insurers to cover some services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, FL had 232 supervisors (direct service providers) and 519 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. Florida has 5 PTI agencies:

- Central Florida Parent Center (www.cflparents.org/): serves 30 counties in central and northeast Florida;
- Parent Education Network Project (www.fndfl.org/projects/pen/index.asp): serves Dade, Broward, Palm Beach, Monroe, Collier, Lee, Hendry, Martin, and Glades counties;
- Parent to Parent of Miami Inc. (www.ptopmiami.org/): serves Miami, Dade and Monroe counties;
- Parents of the Panhandle Information Network (www.fndfl.org/popin.htm): serves Northwest Florida from Escambia County to Alachua County;
- VISIONS (www.fndvisions.org/): serves Native American families and as a resource for Parent Centers and others.

X. Secondary Transition Resources. Information and resources related to secondary transition in FL is available at www.nsttac.org/transition-map/florida.

XI. Military Interstate Children's Compact Commission (MIC3). FL is a member of the MIC3.

XII. Special Education Resources. Information on available resources may be obtained from the local school district, the local FDLRS, and the parent agencies listed above. Additional information and resources are available at BEESS Resource & Information Center (www.fldoe.org/ese/clerhome.asp). Families may also call the Agency for Persons with Disabilities at (866) 273-2273 for information and referrals.

XIII. Military Education Resources. Information and resources specifically identified for military-connected families in FL may be found at www.fldoe.org/military/.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
 - b. Intellectual Disability (ID): Consistent with IDEA definition but also specifies four levels of impairment: Mild, Moderate, Severe, and Profound.
 - c. Emotional/Behavioral Disorder (E/BD): Consistent with IDEA definition.
- More detailed information is available at www.doe.k12.ga.us/ci_exceptional.aspx.

II. Numbers of Students with Disabilities Served. For the 2010 child count, Georgia (GA) reported the following numbers of students:

- a. ASD: 11,271; 7th highest among disability populations and 9.2% higher than 2009;
- b. ID: 17,866; 5th highest among disability populations and 5.1% lower than 2009;
- c. E/BD: 15,658; 6th highest among disabilities populations and 7.4% lower than 2009.

III. Support Service Structure. The GA Department of Education (www.doe.k12.ga.us) provides oversight of the state's special education services. Regional support is provided through the GA Learning Resource System (www.glr.org/), which is comprised of 17 resource centers that provide training and resources to parents and school staff.

IV. Task Forces. GA does not have a disability task force. Legislation was introduced in 2010 to establish a task force but it was not successful.

V. Statewide Disability Clearinghouse. GA does not have a statewide disability clearinghouse.

VI. Disability Scholarship Program. The GA Special Needs Scholarship Program (<http://public.doe.k12.ga.us/sb10.aspx>) is a parent-choice program for parents of children with disabilities. Scholarship amounts average \$6,000 per year and range from \$2,500 to \$13,000.

VII. Insurance Coverage for ASD Services. GA does not require insurers to cover specific services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, GA had 46 supervisors (direct service providers) and 107 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. Parent to Parent of Georgia Inc. (www.p2pga.org/) is the statewide PTI.

X. Secondary Transition Resources. Information and resources related to secondary transition in GA is available at www.nsttac.org/transition-map/georgia.

XI. Military Interstate Children's Compact Commission (MIC3). GA is not a member of the MIC3.

XII. Special Education Resources. Information on resources available to parents in GA is available from the local school district, the regional resource center, and the parent agency listed above. Additional information and resources is available from www.gls.org/.

I. Educational Definitions of Disabilities

a. Autism (ASD): Consistent with IDEA definition.

b. Intellectual Disability (ID): Categorical definition consistent with IDEA but it also specifies that deficits in two adaptive skill areas must be identified.

c. Emotional/Behavioral Disorder (E/BD): Uses emotional disability and its definition is consistent with IDEA.

More information on these disabilities is available at <http://lilinode.k12.hi.us/PUBLIC/ADMINR1.NSF/85255a0a0010ae82852555340060479d/a96bfdcf49e72a390a2576790079de56?OpenDocument>, starting at 8-60-39: Eligibility Criteria.

II. Numbers of Students with Disabilities Served. For the 2010 child count, Hawaii (HI) reported the following numbers of students:

a. ASD: 1,298; 3rd highest among disability populations and 5% higher than 2009;

b. ID: 1,196; 5th highest among disability populations and 5% lower than 2009;

c. E/BD: 1,251; 4th highest among disabilities populations and 13% lower than 2009.

III. Support Service Structure. HI's educational system is unique in that all 7 school districts (Central, Hawaii, Honolulu, Kauai, Leeward, Maui, and Windward) are part of the Hawaii Department of Education (HDE). Special education services are coordinated by HDE's Special Education Section (www.doe.k12.hi.us/specialeducation/index.htm). A more detailed description of HI's special education organizational structure is provided at www.spinhawaii.org/Resources/doeresources.html.

IV. Task Forces. In 2008, HI convened the Autism Spectrum Disorders (ASD) Benefits and Coverage Task Force. The resulting 2009 ASD Task Force Report (<http://gen.doh.hawaii.gov/sites/LegRpt/20091/Act%20221%20Leg%20Report%20narrative%20-%20ASD%20Task%20Force.pdf>) provided recommendations regarding health insurance coverage, medical therapies, community-based services, and family support.

V. Statewide Disability Clearinghouse. HI does not have a statewide disability clearinghouse.

VI. Disability Scholarship Program. HI does not have a disability scholarship program.

VII. Insurance Coverage for ASD Services. HI does not require insurers to cover services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, HI had 38 supervisors (direct service providers) and 447 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. The Learning Disabilities Association of Hawaii (www.lidahawaii.org/index.html) is the state's PTI agency.

X. Secondary Transition Resources. Information and resources related to secondary transition in HI is available at www.nsttac.org/transition-map/hawaii.

XI. Military Interstate Children's Compact Commission (MIC3). HI is a member of the MIC3.

XII. Special Education Resources. Information on special education resources is available from the local school district and the parent agency listed above. Additional information and resources are available at www.spinhawaii.org/.

XIII. Military Education Resources. Information and resources specifically identified for military-connected families in HI may be found at <http://militaryfamily.k12.hi.us/> and <http://doe.k12.hi.us/military/>.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA.
- b. Intellectual Disability (ID): Consistent with IDEA.
- c. Emotional/Behavioral Disorder (E/BD): Uses emotional disturbance and definition consistent with IDEA.

More detailed information on these disabilities is available at www.ksde.org/LinkClick.aspx?fileticket=ZN9MOdfbYg0%3d&tabid=2833&mid=9364.

II. Numbers of Students with Disabilities Served. For the 2010 child count, Kansas (KS) reported the following numbers of students:

- a. ASD: 2,802; 7th highest among disability populations and 10% higher than 2009;
- b. ID: 3,880; 5th highest among disability populations and 2.8% lower than 2009;
- c. E/BD: 3,102; 6th highest among disabilities populations and 7% lower than 2009.

III. Support Service Structure. The KS Department of Education (www.ksde.org) special education section provides oversight and guidance to the special education services provided by school districts. Seven regional centers and twenty-three Special Education Cooperatives (www.ksde.org/LinkClick.aspx?link=Directory/2006/Sp.%20Ed.%20coop.pdf&tabid=426) provide additional support to some school districts.

IV. Task Forces. The KS Autism Task Force was created in 2007 to evaluate the needs of and services for individuals with autism and issued its Final Report (www.skyways.org/ksleg/KLRD/2008CommRepts/autism-cr.pdf) in 2008.

V. Statewide Disability Clearinghouse. KS does not have a formal statewide disability clearinghouse.

VI. Disability Scholarship Program. KS does not have a disability scholarship program. Legislation was introduced in 2009 to establish an autism services scholarship but it was not successful.

VII. Insurance Coverage for ASD Services. KS requires the state employees' health insurance program to cover some services for children with autism spectrum disorders. See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, KS had 20 supervisors (direct service providers) and 109 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. Families Together Inc. (www.familiestogetherinc.org/) is the Kansas PTI. Additional support is provided by the KS Parent Information Resource Center (www.kpirc.org/resources/for/parents).

X. Secondary Transition Resources. Information and resources related to secondary transition in KS is available at www.nsttac.org/transition-map/kansas.

XI. Military Interstate Children's Compact Commission (MIC3). KS is a member of the MIC3.

XII. Special Education Resources. Information on special education resources is available from the local school district and the parent agencies listed above. Additional information is available at www.ksde.org/Default.aspx?tabid=3139.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
- b. Intellectual Disability (ID): Consistent with IDEA definition.
- c. Emotional/Behavioral Disorder (E/BD): Uses emotional disturbance and definition is consistent with IDEA.

More detailed information on these disabilities is available at www.doe.louisiana.gov/osr/lac/28v43/28v43.doc (page 77).

II. Numbers of Students with Disabilities Served. For the 2010 child count, Louisiana (LA) reported the following numbers of students:

- a. ASD: 3,627; 10.2% higher than 2009;
- b. ID: 7,709; 3.7% lower than 2009;
- c. E/BD: 1,978; 2.5% lower than 2009.

III. Support Service Structure. The LA Department of Education (www.doe.state.la.us) oversees the special education services provided by districts. Additional support is provided by a network of 8 Regional Service Centers (www.louisianaschools.net/lde/uploads/1569.pdf).

IV. Task Forces. LA does not have a task force related to these disabilities.

V. Statewide Disability Clearinghouse. LA does not have a statewide disability clearinghouse.

VI. Disability Scholarship Program. In 2010, LA established the School Choice Pilot Program for Certain Students with Exceptionalities (www.doe.state.la.us/topics/school_choice_exceptionalities.html) which provides tuition assistance to eligible families with children with exceptionalities, including those identified with ASD, ID, E/BD, to attend non-public schools.

VII. Insurance Coverage for ASD Services. LA requires insurers to cover some services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, LA had 14 supervisors (direct service providers) and 35 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. The Louisiana Parent Training and Information Center (www.laptic.org/) is the statewide PTI. The Pyramid Community Parent Resource Center (<http://pyramidparentcenter.org/>) provides support for parents in the greater New Orleans metro area.

X. Secondary Transition Resources. Information and resources related to secondary transition in LA is available at www.nsttac.org/transition-map/louisian.

XI. Military Interstate Children's Compact Commission (MIC3). LA is a member of the MIC3.

XII. Special Education Resources. Information on special education resources is available from the local school district, the regional service centers, and the parent agencies listed above. Additional information is available from

- Office for Citizens with Developmental Disabilities: <http://new.dhh.louisiana.gov/index.cfm/page/136/n/138>;
- State Library: www.state.lib.la.us/special-services/sbph/disability-resources;
- LA Department of Education: www.doe.state.la.us/portal/parents.html.

I. Educational Definitions of Disabilities

- a. Autism (ASD): consistent with IDEA..
- b. Intellectual Disability (ID): Consistent with IDEA.
- c. Emotional/Behavioral Disorder (E/BD): Uses emotional disability and is consistent with IDEA definition.

More detailed information on these disabilities is available at www.dsd.state.md.us/comar/getfile.aspx?file=13a.05.01.03.htm.

II. Numbers of Students with Disabilities Served. For the 2010 child count, MD reported the following numbers of students:

- a. ASD: 8,828; 4th highest among disability populations and 7.9% higher than 2009;
- b. ID: 5,293; 7th highest among disability populations and 3% lower than 2009;
- c. E/BD: 7,460; 5th highest among disability populations and 7.3%% lower than 2009.

III. Support Service Structure. The MD Department of Education (MDE: www.marylandpublicschools.org) provides oversight of the special education services provided by school districts. The MDE also administers the Partners for Success Centers program (www.marylandpublicschools.org/MSDE/divisions/earlyinterv/infant_toddlers/about/family_support_services.htm), located in each district, to help parents become effectively involved in the special education process and to provide parents with information and resources. A related program, Preschool Partners, provides parents with assistance for the transition from early intervention to services.

IV. Task Forces. In 1998, one of the nation's first autism task forces was established and its 2004 Autism Task Force Report (www.autismconnectmd.org/files/autismtaskforcememoandreport.pdf) contained data and recommendations that continue to guide ASD services in MD. In 2010, MD established the Task Force to Explore the Incorporation of the Principles of Universal Design for Learning(UDL) into the Education Systems in Maryland. Its 2011 report entitled A Route for Every Learner (www.udlcenter.org/sites/udlcenter.org/files/Route_for_Every_%20Learner_Report_NSQ_%2032511.pdf) provides recommendations for increasing the use of UDL through the education system.

V. Statewide Disability Clearinghouse. MD does not have a statewide disability clearinghouse. However, the Kennedy-Krieger Center hosts the Center for Autism & Related Disabilities (<http://kennedykriegercard.eventbrite.com/>) and the Maryland Center for Developmental Disabilities (<http://mcdd.kennedykrieger.org/>).

VI. Disability Scholarship Program. MD does not have a disability scholarship program.

VII. Insurance Coverage for ASD Services. MD does not require insurers to cover services for children with autism spectrum disorders (ASD). See <http://www.autismvotes.org> for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, MD had 32 supervisors (direct service providers) and 102 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. The Parents' Place of Maryland (www.ppm.org/) is the PTI for MD.

X. Secondary Transition Resources. Information and resources related to secondary transition is available at www.nsttac.org/transition-map/maryland.

XI. Military Interstate Children's Compact Commission (MIC3). MD is a member of the MIC3.

XII. Special Education Resources. Information on special education resources is available from the local school district, the local Partner for Success Center, and the PTI agency listed above. Additional information and resources are available from www.marylandpublicschools.org/MSDE/divisions/earlyinterv/infant_toddlers/about/family_support_services.htm and specific ASD-related information from AutismConnect MD.

XIII. Military Education Resources. Information and resources specifically identified for military-connected families in MD may be found at www.autismconnectmd.org/.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
- b. Intellectual Disability (ID): Consistent with IDEA definition.
- c. Emotional/Behavioral Disorder (E/BD): Uses emotional disturbance and is consistent with IDEA definition.

More detailed information on these disabilities is available at www.ksde.org/LinkClick.aspx?fileticket=ZN9MOdfbYg0%3d&tabid=2833&mid=9364.

II. Numbers of Students with Disabilities Served. For the 2010 child count, Missouri (MO) reported the following numbers of students:

- a. ASD: 7,304; 5th highest among disability populations and 11.4% higher than 2009;
- b. ID: 10,339; 4th highest among disability populations and 3.1% lower than 2009;
- c. E/BD: 6,621; 6th highest among disabilities populations and 5.2% lower than 2009.

III. Support Service Structure. The MO Dept. of Elementary & Secondary Education's (<http://dese.mo.gov/>) special education section provides oversight and guidance for the special education services provided by school districts. School districts also receive professional development through the nine agencies that comprise the Regional Professional Development Centers Network. Project ACCESS (<http://education.missouristate.edu/access/>) located at Missouri State University provides district personnel with information, training, and support for ASD.

IV. Task Forces. In 2007, the MO legislature created the MO Blue Ribbon Panel on Autism to review ASD support systems and suggest improvements. Its final report (www.senate.mo.gov/autism/autism2007.pdf) contained recommendations that led to the establishment of the MO Commission on ASD and the MO Office of ASD located in the MO Department of Health. The Office of ASD compiled and published *Navigating Autism Services* (<http://dmh.mo.gov/docs/dd/navigationguide.pdf>).

V. Statewide Disability Clearinghouse. MO does not have a statewide disability clearinghouse.

VI. Disability Scholarship Program. MO does not have a disability scholarship program. Legislation was introduced in 2010 to establish the MO Special Needs Scholarship Tax Credit Program but it was not successful.

VII. Insurance Coverage for ASD Services. MO requires insurers to cover some services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, MO had 12 supervisors (direct service providers) and 15 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. Missouri Parents Act (MPACT) (www.ptimpact.org/) serves as Missouri's PTI agency.

X. Secondary Transition Resources. Information and resources related to secondary transition in MO is available at www.nsttac.org/transition-map/missouri.

XI. Military Interstate Children's Compact Commission (MIC3). MO is a member of the MIC3.

XII. Special Education Resources. Information on special education resources is available from the local school district and the parent agency listed above. Additional information and resources are available from www.dese.mo.gov/divspeced/parentresources.html.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
 - b. Intellectual Disability (ID): Consistent with IDEA definition.
 - c. Emotional/Behavioral Disorder (E/BD): Uses emotional disturbance and is consistent with IDEA definition.
- More detailed information on these disabilities is available at www.p12.nysed.gov/specialed/lawsregs/March2011-complete.pdf (starting at page 14).

II. Numbers of Students with Disabilities Served. For the 2010 child count, New York (NY) reported the following numbers of students:

- a. ASD: 22,284; 5th highest among disability populations and 4.5% higher than 2009;
- b. ID: 11,884; 7th highest among disability populations and 6% lower than 2009;
- c. E/BD: 30,920; 4th highest among disabilities populations and 9.7% lower than 2009.

III. Support Service Structure. The NY State Education Department (NYSED: www.p12.nysed.gov/specialed/) provides oversight and guidance for the special education services provided by school districts. Additional support is provided by 7 Regional Quality Assurance Centers (www.p12.nysed.gov/specialed/quality/regassoc.htm). NYSED also funds a network of 13 Special Education Parent Centers (www.p12.nysed.gov/specialed/techassist/parentcenters.htm) to provide parents with information, strategies, and resources.

IV. Task Forces. In 2007, the New York State Office of Mental Retardation and Developmental Disabilities (OMRDD) created its Autism Platform that included recommendations for improving statewide support for ASD. This led to the establishment of the Interagency Task Force on Autism that published its final report in 2010 (www.opwdd.ny.gov/autism/images/hp_autism_interagencyreport.pdf).

V. Statewide Disability Clearinghouse. NY does not have a single statewide disability clearinghouse but does have a number of Technical Assistance Centers (www.p12.nysed.gov/specialed/techassist/), including the Center for Autism and Related Disabilities (CARD: www.albany.edu/autism/).

VI. Disability Scholarship Program. NY does not have a disability scholarship program.

VII. Insurance Coverage for ASD Services. NY does not require insurers to cover services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, NY had 9 supervisors (direct service providers) and 36 tutors (assistants requiring supervision to provide services).

I. Parent Training and Information (PTI) Centers. Several parent resource agencies provide services in New York City's 5 boroughs: Bronx, Brooklyn, Manhattan, Queens, and Staten Island.

- Advocates for Children of New York (www.advocatesforchildren.org/)
- Resources for Children with Special Needs Inc. (www.resourcesnyc.org/)
- Sinergia/Metropolitan Parent Center (www.sinergiany.org/)
- Parent Network of WNY (www.parentnetworkwny.org/) provides parental support and resources for Erie, Niagara, Orleans, Wyoming, Genesee, Chautauqua, Cattaraugus, and Allegany counties.

IX. Secondary Transition Resources. Information and resources related to secondary transition in NY is available at www.nsttac.org/transition-map/new-york.

X. Military Interstate Children's Compact Commission (MIC3). NY is not a member of the MIC3.

XI. Special Education Resources. Information on special education resources is available from the local school district, the Quality Assurance Centers, and the Special Education Parent Centers listed above, as well as the PTI agencies. Additional information and resources are available at www.p12.nysed.gov/specialed/quality/parents.htm and NYSED Parent & Student Resources.

I. Educational Definitions of Disabilities

a. Autism (ASD): Consistent with IDEA definition.

b. Intellectual Disability (ID): Consistent with IDEA definition but further defines four levels of impairment: mild, moderate, severe and profound.

c. Emotional/Behavioral Disorder (E/BD): Uses serious emotional disturbance and is consistent with IDEA definition.

More detailed information on these disabilities is available at www.dpi.state.nc.us/docs/ec/policy/policies/policies-62010.pdf.

II. Numbers of Students with Disabilities Served. For the 2010 child count, North Carolina (NC) reported the following numbers of students:

a. ASD: 12,041; 5th highest among disability populations and 10.1% higher than 2009;

b. ID: 19,062; 4th highest among disability populations and 5.6% lower than 2009;

c. E/BD: 6,692; 6th highest among disability populations and 7% lower than 2009.

III. Support Service Structure. The NC Department of Public Instruction (DPI: www.dpi.state.nc.us/ec/) oversees special education services provided by districts. DPI also administers the Autism Spectrum Disorders Program (www.dpi.state.nc.us/ec/instructional/autism/), which provides individual consultation and training on ASD for school staff. Similar supports have been established for severe/profound disabilities and for behavioral support.

IV. Task Forces. NC does not have a disability task force.

V. Statewide Disability Clearinghouse. NC does not have a statewide disability clearinghouse.

VI. Disability Scholarship Program. NC has implemented the NC Special Education Expenses Credit Program (www.edchoice.org/School-Choice/Programs/Special-Education-Expenses-Credit.aspx) that provides a personal tax credit for special education expenses.

VII. Insurance Coverage for ASD Services. NC does not require insurers to cover services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, NC had 63 supervisors (direct service providers) and 236 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. The Exceptional Children's Assistance Center Inc. (ECAC) (www.ecac-parentcenter.org/) is the statewide PTI agency. Additional support for Catawba, Caldwell, Alexander, Burke, and McDowell counties is provided by the Hope Parent Resource Center (www.fsnhope.org/).

X. Secondary Transition Resources. Information and resources related to secondary transition is available at www.nsttac.org/transition-map/north-carolina.

XI. Military Interstate Children's Compact Commission (MIC3). NC is a member of the MIC3.

XII. Special Education Resources. Information on special education resources is available from the local school district and the parent agencies listed above. Additional information and resources are available from www.ncpublicschools.org/ec/policy/resources/ and the Family Support Network (www.fsnn.org/).

XIII. Military Education Resources. Information and resources specifically for military-connected families in NC may be found at www.ncpublicschools.org/militarysupport/.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
- b. Intellectual Disability (ID): Consistent with IDEA definition.
- c. Emotional/Behavioral Disorder (E/BD): Uses emotional disability and is consistent with IDEA definition.

More detailed information is available at http://sde.state.ok.us/Curriculum/SpecEd/pdf/Compliance/Policies_Procedures.pdf starting on page 84).

II. Numbers of Students with Disabilities Served. For the 2010 child count, Oklahoma (OK) reported the following numbers of students:

- a. ASD: 3,051; 7th highest among disability populations and 15% higher than 2009;
- b. ID: 5,547; 5th highest among disability populations and 3% lower than 2009;
- c. E/BD: 4,482; 6th highest among disability populations and not significantly different from 2009.

III. Support Service Structure. The OK Department of Education (ODE: <http://sde.state.ok.us>) oversees the special education services provided by school districts.

IV. Task Forces. In 2001, the OK Department of Human Services convened the Autism Working Group which produced The Individuals with Autism and Their Families Oklahoma Plan in 2003. One element of the plan was the establishment of the OK Autism Network (www.okautism.org/okplan/default.asp) which continues to update the plan.

V. Statewide Disability Clearinghouse. OK does not have a statewide disability clearinghouse.

VI. Disability Scholarship Program. In August 2011, OK implemented the Lindsey Nicole Henry Scholarship for Students with Disabilities Program (<http://sde.state.ok.us/Curriculum/SpecEd/Scholarship.html>) which allows parents of students with disabilities the option to enroll them into private schools.

VII. Insurance Coverage for ASD Services. OK does not require insurers to cover services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, OK had 7 supervisors (direct service providers) and 53 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. The Oklahoma Parents Center Inc. (www.oklahomaparentscenter.org/) is the statewide PTI.

X. Secondary Transition Resources. Information and resources related to secondary transition in OK is available at www.nsttac.org/transition-map/oklahoma.

XI. Military Interstate Children's Compact Commission (MIC3). OK is a member of the MIC3.

XII. Special Education Resources. Information on special education resources is available from the local school district and the PTI agency listed above. Additional information and resources are available from

- Community Resource Directory: <http://www.join.ok.gov/> ;
- Resources for Parents: http://sde.state.ok.us/Curriculum/SpecEd/Resources_Parents.html ;
- Special Education Resources: www.okdss.org/#!resources.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
- b. Intellectual Disability (ID): Consistent with IDEA definition.
- c. Emotional/Behavioral Disorder (E/BD): Consistent with IDEA definition.

More detailed information on these disabilities is available at [http://info.sos.state.tx.us/pls/pub/readtac\\$ext.TacPage?sl=R&app=2&p_dir=&p_rloc=133138&p_tloc=&p_ploc=&pg=1&p_tac=133138&ti=19&pt=2&ch=89&rl=1040&dt=&z_chk=4213677&z_contains=autism](http://info.sos.state.tx.us/pls/pub/readtac$ext.TacPage?sl=R&app=2&p_dir=&p_rloc=133138&p_tloc=&p_ploc=&pg=1&p_tac=133138&ti=19&pt=2&ch=89&rl=1040&dt=&z_chk=4213677&z_contains=autism).

II. Numbers of Students with Disabilities Served. For the 2010 child count, Texas (TX) reported the following numbers of students:

- a. ASD: 32,897; 4th highest among disability populations and 11.4% higher than 2009;
- b. ID: 32,190; 5th highest among disability populations and 5.6% higher than 2009;
- c. E/BD: 27,489; 6th highest among disability populations and 5% lower than 2009.

III. Support Service Structure. The Texas Education Agency (TEA: www.tea.state.tx.us) provides oversight for the special education services provided by school district. TEA also utilizes a network of 20 Texas Regional Education Service Centers (www.tea.state.tx.us/index.aspx?id=2147494810) that provide education support services for school districts. While all ESCs support all disability areas, specific ESCs are designated to lead specific disability support efforts. For example, Region 13 ESC is the lead ESC for ASD. It coordinates the Texas Statewide Leadership for Autism program and provides training and other resources for school districts, including the Texas Autism Resource Guide for Effective Teaching (TARGET). Region 4 ESC in Houston is the lead for the TX Behavior Support initiative (www.txbehaviorsupport.org/) that supports a positive behavior support network in Texas. Additional information is provided at TX ESC Special Education Leadership (<http://cistexas.org/special.ed/decfunc/>).

IV. Task Forces. The TX Council on Autism and Pervasive Developmental Disorders (www.dads.state.tx.us/autism/) advises state agencies and the legislature on ASD issues, and produces an annual report focusing on ASD lifespan issues.

V. Statewide Disability Clearinghouse. The Texas Autism Research and Resource Center (TARRC: www.dads.state.tx.us/tarrc/) has recently been established as the Texas ASD clearinghouse.

VI. Disability Scholarship Program. TX does not have a disability scholarship program.

VII. Insurance Coverage for ASD Services. TX requires insurers to cover some services for children with autism spectrum disorders. See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, TX had 95 supervisors (direct service providers) and 335 tutors (assistants requiring supervision to provide services).

I. Parent Training and Information (PTI) Centers. The Partners Resource Network (www.partnerstx.org/) has 3 agencies that provide regional support to families:

- PATH: serves Dallas, Fort Worth, Austin, Wichita Falls, Southeast and East Texas.
- PEN: serves Amarillo, Lubbock, Abilene, San Angelo, and El Paso.
- TEAM: serves San Antonio, Houston, Corpus Christi, Rio Grande Valley, and Laredo.

Additional support is provided by the Children's Disability Information Coalition (www.cdicelpaso.org/) for families in the El Paso area and by Special Kids, Inc. (www.specialkidsinc.org/) for families in the Houston area.

XIII. Secondary Transition Resources. Information and resources related to secondary transition in TX is available at www.nsttac.org/transition-map/texas.

IX. Military Interstate Children's Compact Commission (MIC3). TX is a member of the MIC3.

X. Special Education Resources. Information on special education resources is available from the local school district, the regional ESC, and the PTI agencies listed above. Additional information and resources are available from TX Project First (<http://texasprojectfirst.org/>).

XI. Military Education Resources. Information and resources specifically identified for military-connected families in Texas may be found at www.tea.state.tx.us/index2.aspx?id=7995.

I. Educational Definitions of Disabilities

- a. Autism (ASD): Consistent with IDEA definition.
- b. Intellectual Disability (ID): Consistent with IDEA definition.
- c. Emotional/Behavioral Disorder (E/BD): Uses emotional disability and is consistent with IDEA definition.

More detailed information on these disabilities is available at www.doe.virginia.gov/special_ed/disabilities/index.shtml.

II. Numbers of Students with Disabilities Served. For the 2010 child count, Virginia (VA) reported the following numbers of students:

- a. ASD: 11,703; 4th highest among disability populations and 16%% higher than 2009;
- b. ID: 9,934; 5th highest among disability populations and consistent with 2009;
- c. E/BD: 9,589; 6th highest among disability populations and 5.3% lower than 2009.

III. Support Service Structure. The VA Department of Education (VDOE: www.doe.virginia.gov) provides oversight for the special education services provided by school districts. VDOE also sponsors the Training & Technical Assistance Network (<http://ttaonline.org/>) that provides regionalized special education supports for districts and families.

IV. Task Forces. In 2009, the VA Joint Legislative Audit and Review Commission (JLARC) published the Assessment of Services for Virginians with Autism Spectrum Disorders that contained a comprehensive review of ASD services in VA as well as recommendations for improvement (see <http://jlarc.state.va.us/meetings/June09/Autism.pdf>)

V. Statewide Disability Clearinghouse. The VA Autism Council (www.autismtrainingva.org/) serves as the ASD statewide clearinghouse. The Council has also implemented the Positive Behavior Support (PBS) Project which includes a PBS facilitator endorsement program.

VI. Disability Scholarship Program. VA does not have a disability scholarship program.

VII. Insurance Coverage for ASD Services. VA recently passed legislation that requires insurers to cover some services for children with autism spectrum disorders (ASD). See www.autismvotes.org for more information.

VIII. TRICARE-Approved ABA Providers. As of June 30, 2011, VA had 66 supervisors (direct service providers) and 200 tutors (assistants requiring supervision to provide services).

IX. Parent Training and Information (PTI) Centers. The Parent Educational Advocacy Training Center (www.peatc.org/) is VA's PTI.

X. Secondary Transition Resources. Information and resources related to secondary transition in VA is available at www.nsttac.org/transition-map/virginia.

XI. Military Interstate Children's Compact Commission (MIC3). VA is a member of the MIC3.

XII. Special Education Resources. Information on special education resources is available from the local school district, the regional T-TAC Centers, and the PTI agency listed above. Additional information and resources are available from www.doe.virginia.gov/special_ed/parents/index.shtml and www.doe.virginia.gov/special_ed/disabilities/index.shtml.

Section 4: School District Profiles

This section includes profiles of individual school districts that serve military installations in each of the 15 states. The profiles are organized by states in alphabetical order and provide the following information:

1. Contact Information for the District
2. Total and Disability-Specific Enrollment;
3. Types of Educational Services Provided;
4. Types of Post-Secondary Transition Services Provided;
5. Family Resources available in the district;
6. District Access to Board Certified Behavior Analyst (if applicable);
7. Military Installations Served by the District.

The information presented in the district profiles was obtained through a voluntary survey of school districts conducted in the spring and summer of 2011. For categories where districts did not provide a response or where district enrollment figures were less than 10 students, No response provided is inserted. Although accuracy was a priority, the most current information will come from contacting the new district directly. Section 2: Tools for a Smooth Transition contains information and suggestions to assist you in contacting the district.

Please note that the interventions listed in the school district profiles are meant only to describe services they are currently providing and do not guarantee a child will receive a particular intervention. Services are individually determined by the Individualized Education Program (IEP) Team, including the child's parents.

Section 5: Trends & Resources

National Trends

Autism Spectrum Disorder (ASD)

Definitions: The Diagnostic and Statistical Manual, Fourth Edition, Text Revision (DSM-IV-TR) lists autism under pervasive developmental disorders (PDD). Diagnosis is based on deficits in Social Impairment, Speech/Communication Deficit, and Repetitive Behaviors & Restricted Interests. The IDEA definition is relatively broad but incorporates the same components (see <http://nichcy.org/disability/specific/autism>). DSM-V will be published in 2013 and will amend the ASD definition (see DSM <http://www.dsm5.org/ProposedRevision/Pages/proposedrevision.aspx?rid=94>.)

Prevalence: The Centers for Disease Control & Prevention (CDC) reported an ASD prevalence rate of 1 child per 110 children based on 2006 data. A 2007 study using the same data estimated a rate of 1 in 91. Males are 3-4 times more frequently identified than females. Siblings of children with ASD are much more likely to be diagnosed than their peers without such siblings. The number of military-connected children with ASD is not publicly documented although the Organization for Autism Research (OAR) reported a ratio of 1 in 88 based on its review of 2005 data obtained from the DoD. The 2010 IDEA federal child count reported 419,262 children with ASD ages 3-21; an 87% increase since 2005. ASD is now the 5th largest disability category. Students with ASD account for 6.4% of all children with disabilities and 0.85% of all school children.

Educational Services: The National Professional Development Center for ASD (NPDCASD), the National Autism Center (NAC), and the Center for Medicare and Medicaid Services (CMMS) have developed lists of evidence-based practices for ASD (see Appendix B). Applied Behavior Analysis (ABA) is the most extensively researched intervention. ABA's effectiveness for deficits such as speech/language delays and generalization of skills has been questioned. Proponents counter that ABA is effective when properly planned and implemented. Teacher training requirements for ASD continue to be reviewed. Delaware, for example, now requires teachers assisting children with ASD to have an ASD endorsement.

Outcomes: Limited data on post-school outcomes for children with ASD is available but it appears that relatively few individuals with ASD live independently or sustain full-time employment. Similarly, few attend and even fewer complete post-secondary programs. As with all disabilities, effective secondary transition planning is critical.

Emotional/Behavior Disorder (E/BD)

Definitions: DSM-IV-TR does not categorically define E/BD, but does define associated conditions (i.e. anxiety disorder, depression/bi-polar disorders). IDEA's definition (see <http://nichcy.org/disability/specific/emotionaldisturbance>) focuses on five domains and does not require a clinical diagnosis. The phrases long period of time and to a marked degree are subjective but frequently operationalized as occurring for at least 6 months and across multiple settings (i.e. school, home, community).

Prevalence: The 2010 IDEA federal child count reported 387,556 children ages 3-21 identified with E/BD; a decrease of 18.3% since 2005. Children with E/BD account for approximately 6% of students with disabilities and 0.8% of all school-age students. Some researchers suggest this is statistically low and should be closer to 3%-6% of all students. Males are more frequently referred and identified than females. Children from under-represented populations and families with low SES are more likely to be identified than their White peers.

Outcomes: Students with E/BD experience few positive educational outcomes. While their reading and math skills are frequently closer to grade level than peers with other disabilities, they frequently earn lower grades (14% earned mostly D's and F's compared to 8% for other disabilities). A significant number experience learning disabilities resulting in a cycle of both academic and emotional deficits contributing to overall school failure. Students with E/BD demonstrate a high dropout rate (55%) and few (20%) pursued post-secondary education. Only 30% were employed within three years of leaving school; much lower than the rate for students with learning disabilities. Students with E/BD are more likely to become involved with the legal system.

Educational Services: Both individual and school-wide interventions, such as Positive Behavior Support (PBS), are often used to assist students with behavioral concerns. Assistive Technology (AT) tools ranging from low to high tech (checksheets to Wii systems) are often used as instructional tools or rewards/reinforcers.

Intellectual Disabilities (ID)

Definitions: The American Association on Intellectual and Developmental Disabilities (AAIDD) defines intellectual disability as "...characterized by significant limitations both in intellectual functioning and in adaptive behavior, which covers many everyday social and practical skills. This disability originates before the age of 18." This is similar to the IDEA definition (see <http://nichcy.org/disability/specific/intellectual#idea>). Adaptive behavior domains include communication, self-care, social skills, etc. Until Rosa's Law (see <http://thomas.loc.gov/cgi-bin/query/D?c111:5:./temp/~c111LE6qxt:>) was enacted in 2010, the term mental retardation (MR) was used in IDEA and by some states. The change to intellectual disability represents, for many, a paradigm shift that emphasizes the fit between a student's capacities and the demands placed on them, as well as the supports the student requires for self-determination.

Prevalence: The IDEA 2010 federal child count reported 457,286 children ages 3-21 identified with ID; a decrease of 19.5% since 2005. Children with ID account for approximately 7% of students with disabilities and 1% of all school-age students. Males are more frequently identified than females and children from under-represented populations and from families with low SES are more likely to be identified than their White peers.

Outcomes: Students identified with ID demonstrate limited educational achievement. Only a small percentage enrolls in post-secondary education programs. Employment is low with only 31% employed three years after leaving high school. Wages were generally low suggesting that this population may be under-employed. Relatively low rates of community participation and independent living were also reported.

Educational Services: Educational programs for students with ID have historically emphasized functional skill development and were often provided in segregated special education settings. While many believe functional skills are important, data increasingly suggests that students with ID demonstrate improved academic achievement when provided quality instruction using general education curricular materials in the general education classroom. Similarly, data suggests that students with ID can be successful in post-secondary education settings. The U.S. Department of Education's Office of Post-Secondary Education (OPE) has established the Transition Programs for Students with Intellectual Disabilities (TPSID) program to promote enrollment.

EBPs for students with ID include ABA, Instructional Matching, Functional Communication, and self-management strategies. Universal Design for Learning (UDL) principles and incorporating assistive technology (computer-based learning, I-PADS, Wii's) are also being promoted. Effective secondary transition planning is critical.

Evidence-Based Practices (EBPs)

Definition: Both the No Child Left Behind (NCLB) legislation and IDEA 04 encourage the use of EBPs but do not define them. Researchers have attempted to develop EBP criteria, but conducting special education research is difficult due to the

- number of IDEA disability categories;
- wide range of prevalence rates among disability categories;
- variability of student needs; and
- variability of educational settings.

Another challenge is creating guidelines for determining whether the research supporting a practice is sufficient. The Council for Exceptional Children (CEC) and the What Works Clearinghouse (WWC) have created widely-cited guidelines and lists of EBPs.

Use of EBPs: The extent to which EBPs are used in classrooms is unclear. One factor is whether EBP information and resources are readily available to teachers. Another is whether EBP materials (i.e. manuals, forms) are designed to allow teachers to implement EBPs easily given their time constraints. To increase usage, many suggest EBP content must be further embedded into pre-service/in-service teacher preparation programs. Organizations such as the WWC and the National Professional Development Center for ASD (NPDCASD) have developed EBP training modules and supports to encourage usage.

Eclectic Approach: Teachers often use components of interventions to create a student's IEP. Critics suggest this eclectic approach results in no intervention being implemented as designed, which reduces its effectiveness. They further question whether school personnel have received sufficient training to implement multiple practices. Proponents suggest this approach allows school staff to create programs to meet each student's individual needs.

Secondary Transition: The National Secondary Transition Technical Assistance Center (NSSTAC) rates secondary transition practices as being evidence-based, research-based, promising, and unestablished in order of rigor. They have also organized EBPs according to the skill level being emphasized such as functional life skills or community participation, many of which are functional and very specific (i.e. purchasing skills).

Section 5: Trends & Resources

Education Resources

Listed below are links to organizations that provide information and educational supports for children with disabilities and their families. They are grouped into three main categories and several subgroups:

- National Organizations
 - o General
 - o ASD
 - o E/BD
 - o ID
- Government Agencies
- Military Supports
 - o DoD-Sponsored
 - o Military-Related

This list adds to the resources presented in the state summary and individual district pages. Most of the listed agencies include their own list of resources links. These listings are provided as a convenience for users and does not imply an endorsement of these agencies by the Department of Defense.

Section 5: Trends & Resources

National Organizations

DISCLAIMER: The appearance of hyperlinks does not constitute endorsement by the Department of Defense of non-U.S. Government sites or the information, products, or services contained therein. While the Department of Defense may or may not use these sites as additional distribution channels for Department of Defense information, it does not exercise editorial control over all of the information that you may find at these locations. Such links are provided consistent with the stated purpose of this website. External websites and services may have different privacy policies than those of this website and the Department of Defense.

General

American Association of School Administrators: Military Support (AASA) <http://www.aasa.org/content.aspx?id=9052>

Professional organization for more than 13,000 educational leaders that has created a series of tools and resources specifically focused on supporting the educational success of military-connected students.

Association of University Centers on Disabilities (AUCD): <http://www.aucd.org/template/index.cfm>

Resource for local, state, national, and international agencies, organizations, and policy makers concerned about people living with developmental and other disabilities and their families.

Easter Seals: <http://www.easterseals.com>

Provides education, outreach, and advocacy for people living with autism and other disabilities.

Exceptional Parent Magazine: http://www.eparent.com/main_channels_military/index.asp

Component of the Exceptional Parent website that provides information and resources related to children with disabilities who are members of military families.

The Right Idea: <http://therightidea.tadnet.org/articles>

Provides information regarding the State Performance Plans (SPP) and Annual Performance Reports (APR) states are required to complete.

Student Online Achievement Resources (SOAR): <http://www.soarathome.com/>

An academic support program for military families and the school districts that serve them. It aims to address the unique challenges facing military children in our nation's public schools, while benefiting the overall student population.

TASH: <http://tash.org/about/mission/>

Promotes the full inclusion and participation of children and adults with significant disabilities in their communities.

What Works Clearinghouse (WWC): <http://ies.ed.gov/ncee/wwc/>

An initiative of the U.S. Department of Education's Institute of Education Sciences (IES). It was created in 2002 to be a central source of scientific evidence for what works in education.

Autism Spectrum Disorder

Autism Speaks: <http://www.autismspeaks.org/>

Focuses on funding research into the causes, prevention, treatments, and a cure for autism; increasing awareness of autism spectrum disorders; and advocating for the needs of individuals with autism and their families. In 2007, it launched Autism Votes, which is a comprehensive grassroots advocacy program, coordinating activist efforts in support of federal and state legislative initiatives. The link is to the military page

National Autism Center: <http://www.nationalautismcenter.org/>

Promotes the identification and usage of evidence-based practices for individuals with ASD.

National Professional Development Center for ASD (NPDCASD): <http://autismpdc.fpg.unc.edu/>

Promotes the use of evidence-based practice for children and adolescents with autism spectrum disorders

Ohio Center for Autism and Low Incidence (OCALI): <http://www.ocali.org/>

Serves as Ohio's statewide support agency for ASD and other low-incidence disabilities. Provides variety of supports, including a set of ASD modules (AIM) focusing on EBPs and other related topics.

Organization for Autism Research (OAR): <http://www.researchautism.org/resources/reading/index.asp>

Focuses on using applied science to answer questions of parents, families, individuals with autism, teachers, and caregivers related to autism. OAR developed Operation Autism, an online resource specifically for military families that have children with autism. The site also contains the EFMP Resource Page which includes links to the Exceptional Family Military Program for each military branch.

Emotional/Behavioral Disorder

Positive Behavioral Interventions and Supports (PBIS): <http://www.pbis.org/>

Technical assistance center established by the Office of Special Education Programs (OSEP), US Department of Education, to give schools capacity-building information and technical assistance for identifying, adapting, and sustaining effective school-wide disciplinary practices.

Intellectual Disability

American Association on Intellectual and Developmental Disabilities (AAIDD): <http://www.aaid.org/intellectualdisabilitybook/>

Advocates for quality of life and rights for those with intellectual disabilities.

Arc: <http://www.thearc.org/>

A national community-based organization advocating for and serving people with intellectual and developmental disabilities and their families.

Secondary Transition

National Secondary Transition Technical Assistance Center (NSTTAC): <http://www.nsttac.org/>

Helps states build capacity to support and improve transition planning, services, and outcomes for youth with disabilities and disseminate information and provide technical assistance on scientifically-based research practices

Section 5: Trends & Resources

Government Agencies

Centers for Disease Control (CDC): <http://www.cdc.gov/ncbddd/autism/index.html>

Component of the U.S. Dept. of Health and Social Services that promotes individual and community health. The link is to its page on ASD.

Disability.Gov: <http://www.disabilityinfo.gov/>

Provides access to comprehensive information about disability-related programs, services, laws, and benefits.

National Dissemination Center for Children with Disabilities (NICHCY): <http://nichcy.org/>

A central source of information on disabilities in infants, toddlers, children, and youth.

Section 5: Trends & Resources

Military Supports

Department of Defense Resources

Department of Defense Education Activity (DoDEA): <http://www.dodea.edu/home/>

Field activity of the Office of the Secretary of Defense, DoDEA's mission is to plan, direct, coordinate, and manage the education programs for eligible dependents of U.S. military personnel and civilian personnel of the DoD. It publishes the Reaching and Teaching Children with Autism Spectrum Disorders: A Best Practices Guide that provides helpful information and resources for family members and providers working with children with ASD.

Military Interstate Children's Compact Commission (MIC3): <http://www.mic3.net/>

Effort to make the educational transition easier for the children of military families so they are afforded the same opportunities for educational success as other children and are not penalized or delayed in achieving their educational goals when transferring from DoDEA or another state.

Military HomeFront: <http://www.militaryhomefront.dod.mil/>

DoD website for official Military Community and Family Policy (MC&FP) program information, policy, and guidance designed to help troops and their families, leaders, and service providers. The site contains information for navigating public school systems, as well as HOMEFRONT Connections, a social networking tool, and the DoD Special Needs Parent Toolkit.

Military K-12 Partners: <http://www.militaryk12partners.dodea.edu/index.cfm>

A DoDEA partnership activity that provides information and support to increase understanding of the unique needs of military children as well as academic support to improve educational opportunities and outcomes for military children.

Military OneSource: <http://www.militaryonesource.com/>

Provides resources and support to active-duty, National Guard and Reserve service members and their families 24 hours a day, 7 days a week at no cost to users.

National Resource Directory: https://www.nationalresourcedirectory.gov/education_and_training/dod_education_programs_and_benefits

Website for connecting wounded warriors, Service Members, Veterans, and their families with those who support them. It provides access to services and resources at the national, state and local levels to support recovery, rehabilitation and community reintegration.

TRICARE Extended Care Health Option (ECHO): <http://www.tricare.mil/mybenefit/home/LifeEvents/SpecialNeeds/ECHO>

Supplemental component to the basic TRICARE program that provides support for beneficiaries experiencing cognitive delays, serious physical disability, or physical/psychological conditions that result in a beneficiary being homebound.

TRICARE Autism Services Demonstration Project: <http://www.tricare.mil/mybenefit/home/overview/SpecialPrograms/ECHO/AutismServicesDemonstration>

Provides financial support for Applied Behavior Analysis (ABA) services for military-connected children with ASD.

USA4Military Families: <http://www.usa4militaryfamilies.dod.mil/pls/psgprod/f?p=USA4:HOME:0>

Engages and educates state policymakers, not-for-profit associations, concerned business interests, and other state leaders about the needs of military members and their families.

Military-Related Resources

Blue Star Families: <http://www.bluestarfam.org/>

Formed by a group of military spouses in 2008 to raise awareness of the challenges of military family life with our civilian communities and leaders.

Military Child Education Coalition (MCEC): <http://www.militarychild.org/military-parent/links/>

Focuses on ensuring quality educational opportunities for all military-connected children affected by mobility, family separation, and transition. The MCEC performs research, develops resources, conducts professional institutes and conferences, and publishes resources for all constituencies. The link is to its extensive resource page.

National Military Family Association: <http://www.militaryfamily.org/links/>

Assists military family members with understanding and accessing appropriate benefits and programs.

Specialized Training of Military Parents (STOMP): <http://www.stompproject.org/>

Federally funded Parent Training & Information (PTI) Center for military families who have children with special education or health needs.

Glossary

Asperger Syndrome: developmental disability that affects a person's ability to socialize and communicate effectively with others.

Autism: developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three;

Autism Spectrum Disorders (ASD): categorical term that encompasses the various syndromes related to autism. Often used interchangeably with autism and pervasive developmental disorders.

Board Certified Behavior Analyst (BCBA): behavior analyst certified through the Behavior Analysts Certification Board

Childhood Disintegrative Disorder (CDD): developmental disability in which children develop normally until ages 2 to 4, but then demonstrate a severe loss of social, communication and other skills.

Department of Defense Education Activity (DoDEA): a field activity of the Office of the Secretary of Defense with the mission to plan, direct, coordinate, and manage the education programs for eligible dependents of U.S. military personnel and civilian personnel of the Department of Defense.

Diagnostic & Statistical Manual of Mental Disorders (DSM): publication of the American Psychiatric Association (APA) that contains the diagnostic criteria for all mental health disorders for children and adults, including autism. DSM-IV is the current edition and DSM-V is expected to be published in 2013.

Dispute Resolution: under the Individuals with Disabilities Education Act (IDEA), parents have the right to request mediation, file an administrative complaint, or request a due process hearing to resolve special education conflicts with school districts.

Emotional/Behavior Disorder (E/BD): disability category under IDEA in which a child's emotional functioning significantly impairs his/her ability to learn.

Evidence Based Practices (EBP): educational practices supported by research findings and/or demonstrated as being effective through a critical examination of current and past practices.

Exceptional Family Member Program (EFMP): component within the military that provides support to military families that include members with exceptional needs, including ASD. Each branch of the military administers its own EFMP for its members.

Glossary: cont.

Individuals with Disabilities Education Act (IDEA): federal law that requires public school districts to identify children with disabilities and provide them with a free and appropriate public education in the least restrictive environment.

Intellectual Disability: "...characterized by significant limitations both in intellectual functioning and in adaptive behavior, which covers many everyday social and practical skills. This disability originates before the age of 18" (AAIDD).

Military Interstate Children's Compact Commission (MIC3): created to address education transition issues faced by military families when they are reassigned so they are afforded the same opportunities for educational success as other children.

OCONUS Directory of Special Needs: provides information about the level of special education services available in overseas military communities.

Pervasive Developmental Disorder (PDD): categorical term that encompasses several developmental disorders, such as autism or Asperger syndrome, characterized by severe deficits in social interaction and communication or by the presence of repetitive, stereotyped behaviors.

Rett Syndrome: rare genetic disorder that affects the way the brain develops. It occurs almost exclusively in girls.

Special Education: instruction that is specially designed to meet the unique needs of a child with a disability.

TRICARE: health care program serving active duty service members, National Guard and Reserve members, retirees, families and survivors worldwide.

Universal Design for Learning (UDL): principles for curriculum development that give all individuals equal opportunities to learn.

Sample Record-keeping Worksheet

Use the spaces below to keep a record of the conversations you have with service agencies and others regarding your child.

Problem/Topic:

Name of person or agency you talked to:

Name of your contact person *(may be same as above):*

Date you called: _____

Phone #: _____

Email: _____

Results of discussion: _____

Action taken *(if any):*

Person not helpful on this topic, but may be helpful regarding *(list topics/areas/issues):*

Next steps *(Follow up needed):*

CHILD'S EDUCATION PROGRAM DESCRIPTION

Child: _____

Teacher: _____

School District: _____

Date: _____

Please briefly describe the services the child receives during his/her daily schedule:

<i>Subject Area</i>	<i>Length (mins.)</i>	<i>Provider – e.g. Reg/Sped, Teacher, Aide</i>	<i>Accommodations</i>	<i>Curriculum Modifications</i>

Does this student have a behavior plan?

- Yes (If yes, please attach)
- No

Please indicate strategies that are helpful or to be avoided when working with this child.
(i.e. seat along “edge”, avoid unstructured group activities, provide graphic organizers)

School-Age Relocation Checklist

Below are suggestions for making an effective transition to a new school district. A general suggestion is to write down the time, date, and person to whom you spoke, as well as some brief notes whenever you talk with someone regarding your child's transition. A printable worksheet is available at the Directory.

- _____ Review new location at MilitaryHOMEFRONT's *Military Installations* page.
- _____ Notify current teacher that you will be leaving and where you will be going;
- _____ Prepare a 3-ring binder or other type of notebook to hold school records and other information;
- _____ Get copies of
 - _____ Most recent transcripts and grade reports;
 - _____ Most recent special education eligibility reports;
 - _____ Current and past individual education programs (IEP), including quarterly progress reports;
 - _____ Special Education assessment reports, including:
 - _____ School psychology;
 - _____ Occupational or physical therapy;
 - _____ Speech-language pathology;
 - _____ Other reports contained in special education file.
 - _____ Medical reports;
 - _____ If applicable, reports from service providers not connected to school, such as a private therapist;
 - _____ Inoculation records to ensure your child can be enrolled on arrival;
 - _____ Prescriptions for medications and dosages.
- _____ Ask classroom and/or special education teacher to write a brief program summary narrative to share with the staff at your child's new school, including books or materials that were effective. A convenient form is available at the Directory.
- _____ Record current teacher's name and contact information;
- _____ Use the Directory to identify the district(s) that serve your new location;
- _____ Contact the special education director in the new school district. Use the list of sample questions provided in the Directory.
- _____ Give current school the contact information (phone, e-mail) for the new school district;
- _____ Contact the EFMP Family Support staff at your new installation. A list of sample questions is provided in the Directory.
- _____ If moving during summer, contact your new school district at least 2 weeks before you arrive;
- _____ Review your educational rights under IDEA.

Notes:

Evidence-Based Practices Comparison Chart

This chart compares the lists of evidence-based practices developed by the Centers for Medicare & Medicaid Services, the National Autism Center, and the National Professional Development Center on ASD. Brief descriptions of the practices are also included.

Intervention	Centers for Medicare and Medicaid Services (CMMS)	National Autism Center (NAC) ¹	National Professional Development Center on ASD (NPDC)
Antecedent Package	(0-16) (17-21) Modifications of events that typically precede the occurrence of a target behavior. These alterations are made to increase the likelihood of success or reduce the likelihood of problems occurring.	(3-18) Behavior chain interruption; behavioral momentum; choice; cueing/prompting; environmental enrichment/modification; errorless learning; habit reversal; incorporating echolalia, special interests, thematic activities, or ritualistic/obsessional activities; maintenance interspersal; noncontingent access/reinforcement; priming; stimulus variation; time delay.	Antecedent-based Interventions (EC-MH) Include 1) using highly preferred activities/items to increase interest level, 2) changing schedule/routine, 3) implementing preactivity interventions, 4) offering choices, 5) altering the manner in which instruction is provided, and 6) enriching the environment for access to sensory stimuli that serve the same function as the interfering behavior.
Behavioral Package	(0-16) Interventions designed to reduce problem behavior and teach functional alternative behaviors or skills through the application of basic principles of behavior change.	(0-21) Sleep package; toilet training; chaining; contingency contracting; contingency mapping; delayed contingencies; DR strategies; DTT; FCT; generalization training; mand training; noncontingent escape with fading; progressive relaxation; reinforcement; scheduled awakenings; shaping; stimulus- stimulus pairing with reinforcement; successive approximation; task analysis; token economy.	
Differential Reinforcement			(EC-H) Reinforcement is provided for desired behaviors, while inappropriate behaviors are ignored.
Extinction			(EC- MH) Based on applied behavior analysis ... is used to reduce or eliminate unwanted behavior. Extinction involves withdrawing or terminating the positive reinforcer that maintains an inappropriate interfering behavior.

¹ Reported exact age – not age or grade range.

Appendix B

Intervention	CMMS	NAC	NPDC
Prompting			(EC- MH) Any help given to learners that assist them in using a specific skill.
Reinforcement			(EC- MH) A relationship between learner behavior and a consequence that follows the behavior. This relationship is only considered reinforcement if the consequence increases the probability that a behavior will occur in the future, or at least be maintained.
Time Delay			(E) A practice that focuses on fading the use of prompts during instructional activities. With this procedure, a brief delay is provided between the initial instruction and any additional instructions or prompts.
Cognitive Behavioral Intervention Package	0- 16) Interventions designed to change negative or unrealistic thought patterns/behaviors to positively influencing emotions/life functioning.		
Comprehensive Behavioral Treatment for Children	(0- 16) Interventions involving a combination of instructional and behavior change strategies and a curriculum that addresses core and ancillary symptoms and behaviors of ASD.	(0- 8) Using ABA strategies (e.g., DTT, incidental teaching, errorless learning, behavioral momentum, and shaping). Criteria: {a} defined ASD symptoms, {b} treatment manuals, {c} intensive treatment, and {d} measuring program effectiveness.	
Discrete Trial Training			(EC, E) DTT is a one- to- one instructional approach. Used when a learner needs to learn a skill best taught in small repeated steps. Each trial or teaching opportunity has a definite beginning and end. The use of antecedents and consequences is carefully planned and implemented.
Functional Behavior Assessment			(EC- MH) Systematic strategies used to determine underlying behavior function or purpose, so that an effective intervention plan can be developed.
Joint Attention Intervention	(0- 16) Interventions involving teaching a child to respond to the nonverbal social bids of others or to initiate joint attention interactions.	(0- 5) Often taught in a DTT format; examples include pointing, showing items/activities to another person, and following eye gaze.	

Appendix B

Intervention	CMMS	NAC	NPDC
Modeling	(0- 16) Interventions relying on an adult or peer providing a demonstration of the target behavior that should result in an imitation by the person with ASD.	(3- 18) Examples include live modeling and video modeling.	<i>See Video Modeling</i>
Multi- component Package	(0- 16) These interventions involve a combination of multiple treatment procedures that are derived from different fields of interest or different theoretical orientations. They do not better fit one of the other treatment “packages” in this list nor are they associated with specific programs.		
Naturalistic Teaching Strategies	(0- 16) Primarily child- directed interactions to teach functional skills in natural environment. Providing a stimulating environment, modeling how to play, encouraging conversation, providing choices and direct/natural reinforcers, and rewarding reasonable attempts.	(0- 9) Different names include focused stimulation, incidental teaching, milieu teaching, embedded teaching, and responsive education and prelinguistic milieu teaching.	(EC- MH) Includes environmental arrangement, interaction techniques, behavioral strategies designed to encourage specific target behaviors. Builds more elaborate learner behaviors that are naturally reinforcing and appropriate to the interaction.
Parent Implemented Interventions			(EC- E) Parent- implemented Intervention entails parents directly using individualized intervention practices with their child to increase positive learning opportunities and acquisition of important skills.
Peer Training Package	(0- 16) These interventions involve teaching children without disabilities strategies to facilitate play and social interactions with children on the autism spectrum. Peers often include classmates or siblings.	(3- 14) There are many different peer training programs, including Project LEAP, peer networks, circle of friends, buddy skills package, Integrated Play Groups, peer initiation training, and peer- mediated social interaction training.	(EC- MH) Peer- mediated Instruction/ Intervention Peers are systematically taught ways of engaging learners with ASD in social interactions in both teacher- directed and learner- initiated activities
Picture Exchange Communication System	(0- 16) Involves the application of a specific AAC system based on behavioral principles that are designed to teach functional communication to children with limited verbal and/or communication skills.		(EC- E) Learners are taught to give a picture of a desired item to a communicative partner in exchange for the item.
Pivotal Response Treatment	(0- 16) Focuses on targeting “pivotal” behavioral areas - such as motivation to engage in social communication, self- initiation, self- management, and responsiveness to multiple cues.	(3- 9) This treatment is an expansion of Natural Language Paradigm which is also included in this category.	(EC- MH) Pivotal Response Training Creates a more efficient and effective intervention by enhancing four pivotal variables: motivation, responding to multiple cues, self- management, and self- initiations.

Appendix B

Intervention	CMMS	NAC	NPDC
Response Interruption and Redirection			(EC- MH) RIR contains two main components: (1) response interruption and (2) redirection. During the response interruption component of the intervention, teachers/practitioners stop the learner from engaging in the interfering behavior. Redirection, the second component of the intervention, focuses on prompting the learner to engage in a more appropriate, alternative behavior.
Schedules	(0- 16) Interventions involving the presentation of a task that communicates a series of activities or steps required to complete a specific activity.	(3- 14) These interventions involve the presentation of a task list that communicates a series of activities or steps required to complete a specific activity.	<i>See Visual Supports</i>
Self- management	(0- 16) These interventions involve independence by teaching individuals with ASD to regulate their behavior by recording the occurrence/non- occurrence of the target behavior, and securing reinforcement for doing so.	(3- 18) These interventions involve promoting independence by teaching individuals with ASD to regulate their behavior by recording the occurrence/nonoccurrence of the target behavior, and securing reinforcement for doing so.	(EC- MH) With these interventions, learners with ASD are taught to discriminate between appropriate and inappropriate behaviors, accurately monitor and record their own behaviors, and reward themselves for behaving appropriately.
Social Communication Intervention	(0- 16) These psychosocial interventions involve targeting some combination impairments such as pragmatic communication skills, and the inability to successfully read social situations.		
Social Skills Groups			(EC- MH) Social skills groups are used to teach individuals with ASD ways to appropriately interact with typically developing peers. Social skills groups typically involve small groups of two to eight individuals with disabilities and a teacher or adult facilitator. Most social skill group meetings include instruction, role- playing or practice, and feedback ...
Social Skills Package	(0- 16) These interventions seek to build social interaction skills by targeting basic responses (e.g., eye contact, name response) to complex social skills (e.g., how to initiate or maintain a conversation). They seek to build social interaction skills in children with ASD by targeting basic responses (e.g., eye contact, name response) to complex social skills (e.g., how to initiate or maintain a conversation).		

Appendix B

Intervention	CMMS	NAC	NPDC
Story- based intervention package	(0- 16) These treatments involve a written description of the situations under which specific behaviors are expected to occur. Stories may be supplemented with additional components.	(6- 14) Social Stories™ are the most well- known story- based interventions and they seek to answer the "who," "what," "when," "where," and "why" in order to improve perspective- taking.	
Social Narratives			(EC- MH) Social narratives describe social situations in some detail by highlighting relevant cues and offering examples of appropriate responding.
Speech Generating Devices			(EC- MH) Speech generating devices (SGD) are electronic devices that are portable in nature and can produce either synthetic or digital speech for the user. SGD may be used with graphic symbols, as well as with alphabet keys.
Structured Teaching	(0- 16) This intervention involves a combination of procedures that rely on the physical organization of a setting, predictable schedules, and individualized use of teaching methods. These treatment programs may also be referred to as TEACCH.		(EC- MH) Structured Work Systems The individual work system is defined as a visually organized space where learners independently practice skills that have been previously mastered under the direct supervision of an adult. A work system visually communicates at least four pieces of information to the learner.
Task Analysis			(EC- MH) Breaking a skill into smaller, more manageable steps to teach the skill.
Technology- based Treatment	(0- 16) The presentation of instructional materials using the medium of computers or related technologies.		
Computer- aided Instruction	<i>See Modeling</i>	<i>See Modeling</i>	(E- MH) Use of computers to teach academic skills and to promote communication and language development and skills. It includes computer modeling and computer tutors.
Video Modeling	<i>See Schedules</i>	<i>See Schedules</i>	(E- MH) A mode of teaching that uses video recording and display equipment to provide a visual model.
Visual Supports			(EC- MH) Any tool presented visually that supports an individual as he moves through the day. Might include, but are not limited to, pictures, written words, objects, arrangement of the environment or visual boundaries, schedules, maps, labels, organization systems, timelines, and scripts.

Note. EC=early childhood, E=elementary, MH=middle/high school.
